Students are to bring their Northside provided Chromebook (fully charged) and charging cable to school on testing days. Students who have not checked out a Northside Chromebook will be provided a device on testing days. Students are not allowed to use personal technology devices including cell phones during state assessments. Make-up testing days will be available after each administration. No early administrations will be administered.

Targeted academic support will be available for students who do not meet standards on one or more STAAR assessments in the content area(s) where they did not demonstrate proficiency.

For additional information and an overview of the statewide testing program, visit [texasassessment.gov](https://www.texasassessment.gov) and select **Students and Families**
