

# May Newsletter

Dear Parents,

Here we are in the last month of school . It is hard to believe that May has come so quickly. We want to take this time to thank all the parents who have supported us this year by working with us and with your child to become the best student that he/she can be. We would like to challenge you to continue that support this summer having the children read and write so that they will be ready to enter school next fall.

We will be sending home some ideas for summertime support as well as a book list for reading this summer. These ideas will be in the last report card. The public library is an excellent place to continue to challenge the children. Check the paper for local times for story times and checkout times.

Have a wonderful summer and enjoy your children as much as we have enjoyed having them this year.

## *Curriculum Objectives*

**Reading:** We are now reading in the 6th reader. It is quite challenging and children are enjoying the non fiction stories that we read. Keep the vocabulary cards that we have sent home all during the year to review.

**Writing:** Story writing continues. We are adding adjectives to make sentences more interesting.

**Math:** We have finished the unit on measurement and will begin probability and graphing . Children will make decisions about being certain, maybe or impossible while dealing with data.

**Science/Social Studies:** We are learning about how technology has changed over the past 100 years as well as inventors.

## Mark Your Calendar

- May 5-9 Teacher Appreciation Week
- May 8 Field day (depending on weather)
- May 9 Early release
- May 16 Poetry Recital cafeteria 1:00 p.m.
- May 21 Career Day
- May 26 Memorial day (holiday)
- June 2 First grade awards ceremony 9:00 a.m.
- June 4 Last day of school!

**Read with or to your child each day. Make reading time a special time for both of you. Early readers make life time readers. Remember to ask questions about what you read.**
