

Group Members: _____

PowerPoint to include:

- ◆ Copyright slide - if using copyrighted work(s), students must include a copyright notice slide at the beginning of the slide show
- ◆ Title slide - Give a title for your project and list group members
- ◆ Introduction slide - give an introduction that will engage the audience (suggestion: explain why you believe it is important to learn about the sea turtle, grab the reader's attention)
- ◆ Each specialist will prepare at least 3 slides (may be up to 5 slides) on the area researched: adaptations specialist
 - Adaptations the sea turtle has made and the life cycle (3-5 slides on sea turtle adaptations)
 - Behavior specialist page (3-5 slides on sea turtle behavior)
 - Migration specialist page (3-5 slides on migration of the sea turtle)
 - Environmental specialist page (3-5 slides on environmental concerns)
- ◆ Protect slide(s) – develop at least three ways to help protect the Kemp's Ridley sea turtles
- ◆ Credit or citation slide

Use this storyboard in planning your group’s PowerPoint:

<p>Copyright Slide Use this if using any work that is copyrighted. (Any image that you did not create is considered copyrighted).</p>	<p>Title Slide Provide a title for your group’s PowerPoint presentation. List group member’s names.</p>	<p>Introduction Slide Grab their attention with this slide! You might add a related graphic! You may use one or two slides to engage the audience!</p>
<p>Each specialist will prepare at least 3 slides (may be up to 5 slides) on the area researched.</p>		

Group Members: _____

Adaptations specialist creates 3-5 slides on adaptations the sea turtle has made and the life cycle

Adaptations 1

Adaptations 2

Adaptations 3

Adaptations 4

Adaptations 5
