EXEMPTION FROM FINAL EXAMS

Students who passed TAKS in 2007 are eligible to be exempt from finals in each class that corresponds to the TAKS exam. If a student chooses the exemption, he/she will be marked absent from class on the day of the exam; however, the absence will not count against excessive absences for credit. Students may choose to take the final exam to improve their grade in the course.

Students who are exempt will not be allowed to roam the campus. The students must stay in the classroom or be off campus. Parents, please discuss these options with your child. For further questions, you may call the school.

Thank you, parents, for all your help and cooperation!
