Chemistry I Honors
Mrs. Johannesson

I _____ have read the attached description of the Independent Research Project and understand the following:

- It is a required component of Mrs. Johannesson's Chemistry I Honors class according to Northside ISD policy.
- It will greatly influence my grade in this class. Therefore, it is imperative that I stay on schedule and see Mrs. Johannesson as soon as possible to resolve any problems.
- I must conduct an experiment of my own design and prepare a Research Notebook and Oral Presentation to present my findings.

Date

I have read the attached description of the Independent Research Project and agree to

- assist my student in choosing an experiment that can be completed in the amount of time allotted with minimal cost and
- monitor the progress of my student by being aware of the Project Timeline.
