In review of the rehearsal/performance schedule provided for the TASB/TASA production, I agree to adhere to the expectations as outline for this initiative. It will be the responsibility of the student to adjust personal schedules to be in attendance.

Any personal or campus initiatives will not supersede the necessary time requirements needed to develop and perform for TASB.

Every attempt will be made to avoid deviation from the printed schedule enclosed for review. However, the nature of live audience productions does not eliminate unforeseen issues that may require additional rehearsal time. Should a change in production preparation be required, students and parents involved should be ready to alter schedules as well.

Students involved in this initiative agree to be prepared for all rehearsals and prompt to all rehearsal sites.

Any conduct unbecoming of the level of artisty required for a production of this caliber will not be tolerated. Students and parents will be informed regarding any issues needing address. Issues unattended to by students will result in removal from the TASB production.
