Please consider the PTA as a collaborative group working for the best interests of our community. We look forward to seeing you at the next meeting on October 13th.

About the PTA

As the largest volunteer child advocacy association in the nation, National Parent Teacher Association (PTA) reminds our country of its obligations to children and provides parents and families with a powerful voice to speak on behalf of every child while providing the best tools for parents to help their children be successful students.

Goals and Objectives

The objective of the Fisher PTA is to build a closer relationship between home and school, in order to promote academic and social achievement.

Some of the goals that we hope to achieve are not only to fund field trips for every student in each of the grade levels, but also to fund the Fifth Grade Graduation Celebration.
