

The Ultimate Night-Light 2000

Product Name: The Ultimate Night-Light 2000

Product Description: The Ultimate Night-Light 2000 is a portable night-light that will illuminate any room in the house. The product is also safe for the outdoors; therefore, you can use it whenever a reliable source of light is needed. The package design is intended for the younger generation because the young ones are usually the ones that are afraid of the dark and need a constant source of light.
