D. Using the family tree on p. 72 as a model, do a family tree for your family. Entitle it "La familia and your last name. Give the first name and relationship to you for each family member. For example, instead of just writing *abuelo*, write *abuelo* and your grandfather's first name and instead of writing *Javier* and *Juan*, write *mi padre Javier* and *mi tío Juan*, etc. Just do one side of your family, either your father's or your mother's. Use a separate piece of paper and remember: **neatness counts.**
