

We are the *leopards* smart and bold,  
the colors we wear are **black** and **gold**.  
Watch us grow as we learn and dream,  
and do our best as the greatest team.

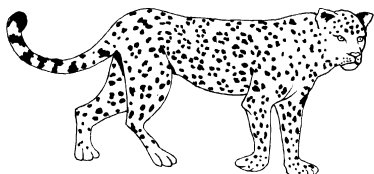

**Black**  
and  
**Gold**

If you move with the *leopards*, you must softly step in time.  
Pick up your paws to the gentle time and rhyme.  
To move with the *leopards* and the sound we make,  
Pat your knees, clap your hands  
and give yourself a shake.

We are the future we'll try our best,  
so give us the challenge we can pass the test.

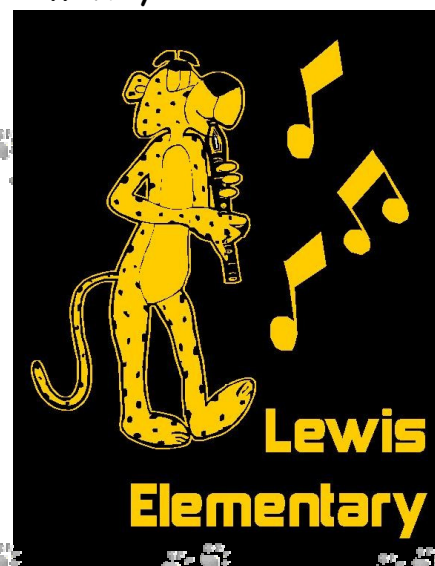

*Lewis leopards* that's what we are,

because of our teachers we  
will leave here a star.

If you move with the *leopards*, you must softly step in time.  
Pick up your paws to the gentle time and rhyme.  
To move with the *leopards* and the sound we make,  
Pat your knees, clap your hands  
and give yourself a shake.

Sing it with the utmost musicality,  
dance it with all your personality.  
Thank you *Mr. Lewis* for eternity!  
Yeah!!
