

Enrichment Activities

1. Grow and hatch butterflies - order butterfly kit from professional butterfly farm and follow guidelines in the kit
2. KWLS Chart -

Butterflies

| What I Know | What I Want to Know | What I Learned | Source |
|-------------|---------------------|----------------|--------|
| | | | |

3. Caterpillar Measuring Worksheet - using caterpillar ruler, measure your hand, pencil, scissors, crayons, piece of yarn, paper cup, block paper plate, marking pen, tape dispenser. Report findings on data sheet.
4. Caterpillar to Butterfly Sequence Cards - color, cut, and sequence in order stages of the butterfly life cycle.
5. Volunteer helps children act out The Very Hungry Caterpillar, by Eric Carle with props. Assign students their parts and props. Read the story aloud as the students act out the story.
6. Draw the parts of the butterfly and label - draw a butterfly using a butterfly stencil. Write butterfly parts and draw a line to correspond with the parts.
7. The Magic School Bus video "Butterflies"
8. The Very Hungry Caterpillar, by Eric Carle book/tape in the listening center
