

600's (Non-Fiction)

Reading/Writing Connection

_____ Draw a picture of something related to this book. Around the picture, write the title, author, and 5 interesting questions someone might ask about the topic from this book. Include the page number where one could find the answer to your questions.

_____ Complete the NON-FICTION BOOK HELPERS handout for your book.

_____ Write an *acrostic poem* using the subject of your book as the main word. For the new words, think of words which describe or tell us more about the subject.

Technology Connection

_____ Use the PUZZLE MAKER site to create a Crossword puzzle with at least 10 science related vocabulary words from your book.

_____ Using Microsoft Word or KidPix, create an advertisement flyer for your 600's topic. Perhaps you want to convince someone to choose a certain animal from your book for a pet or to buy a certain car/truck/motorcycle, or to take better care of their health. Use colorful fonts and graphics when designing your advertisement. Use information from your book to convince your audience.

_____ Using Inspiration, create a graphic organizer with the name of your topic in the center. Around it, write at least 3 interesting things about this subject which you learned from your book. Use color, different fonts, and graphics to make your graphic organizer more interesting.

_____ Select 4-5 new words from this book. Make a STAPLELESS BOOK with the title and author on the front cover page and one new word on each page. Write the definition of the word, a sentence using this word from the book, and your own original sentence using the word.
