

Connecting Personally-owned Laptops to the NISD WiFi – Vista OS

Student Instructions

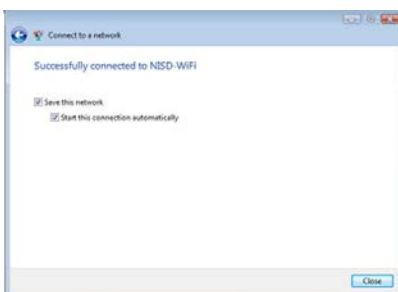

NOTE: NISD WiFi is intended for use with *personally-owned laptop computers*. Instructions may vary depending on the wireless card and drivers on your laptop. *You will not have access to network drives and printers if you connect to the NISD WiFi on a District-owned laptop. Use of the NISD WiFi is filtered by NISD.*

1. From the pop-up window, select **CONNECT TO A NETWORK**.
2. From the list of wireless connections, select **NISD-WiFi** and click **CONNECT**.

3. Enter the word **northside** (all lower-case letters) for the Security Key and click **CONNECT**.
4. Once connected, select **SAVE THIS NETWORK** and **START THIS CONNECTION AUTOMATICALLY**.
5. Click **CLOSE**.

6. At the *Portal login screen* enter your sFiles login information:

In the **Username** field, type your sFiles username.
(e.g. s123456)

In the **Password** field, type your sFiles password.

(e.g. first four letters of your last name and last four numbers of your Social Security number. If your last name has less than four letters, use the number 9 to fulfill the four character requirement)

7. Click **Log In**.
8. You will be redirected to your homepage. You are now connected to the NISD WiFi.
