Academic Technology Services - 397.7677

Technology Training & Development - 397.8126

**eCamp 2008
NISD Summer
Technology Conference**

Stevens High School
June 9-11, 2008

The **Technology Services Division** wishes to express our appreciation to the innovative and talented presenters of eCamp 2008 sessions, for the time and effort devoted to this conference.

Our sincere appreciation is also extended to the **Northside ISD Administration and Board of Trustees** for providing facilities, hardware, and software necessary to showcase various technology initiatives taking place in our district.

BOARD OF TRUSTEES

Katie N. Reed - President

M'Lissa M. Chumbley - Vice-President

Karen Freeman - Secretary

George Lynn Britton, Jr. - Trustee

Annie L. Holmes - Trustee

Robert (Bobby) Blount, Jr. - Trustee

Randall H. (Randy) Fields - Trustee

ADMINISTRATION

John M. Folks, Ed.D. - Superintendent

Linda Mora, Ph.D. - Deputy Superintendent for Curriculum and Instruction

Kelly Smith - Assistant Superintendent for Technology Services

Diana Goering - Executive Director of Information & Infrastructure Services

TECHNOLOGY SERVICES DIRECTORS

Joyce Stevens - Academic Technology Services

Elizabeth Langer - Technology Training and Development Services

Jana Knezek - Library and Textbook Services

Lori Jones - Integrated Infrastructure Services

John R. Evans - Technology Acquisitions and Project Management

Gerri Collier - Integrated Information Services

Appreciation is also expressed to the Stevens High School administration for the use of the facility and to the Stevens Campus Technology Team: Anna Sexton (CIT), Tracie Hanley (CAT), Ruben Urrutia (Network Support Technician).

Monday - June 9, 2008

GET INSPIRED! INSPIRATION INTEGRATION IDEAS

SRN: 428118001

08:00 - 10:00

Presenters: Elizabeth Garvic, Nikki Polk and Jennifer Parker

Location: B205

This class will offer technology project ideas using Inspiration software for Grades K-5.

Strand: Technology Integration

Subject: Integration Projects

Audience: Elementary All

BRING YOUR PHOTOS TO LIFE!

SRN: 428058001

08:00 - 10:00

Presenters: Amber Samaniego and Charlotte Kidd

Location: B168

Create slideshows using your digital photos. With a single click, you can touch-up, crop, or rotate pictures. It's that easy! Add stunning special effects, soundtracks, and your own voice narration to your photo stories. Then, personalize them with titles and captions.

Strand: Technology Literacy Skills - Novice

Subject: Technology Applications

Audience: All

POWERPOINT-HYPERLINKS AND PHOTO TOOLS

SRN: 428078001

08:00 - 10:00

Presenters: Paul Brusewitz and Jim Baker

Location: B201

We will insert Hyperlinks into words, pictures, and shapes. We will also manipulate and insert pictures into different shaped drawings. Finally, we will create a photo album.

Strand: Technology Literacy Skills - Novice

Subject: Integration Projects

Audience: All

COME LEARN 1,2,3...MATH FONTS

SRN: 428038001

08:00 - 10:00

Presenter: Robin Ford

Location: B118

"It's too hard to create math problems, especially the ones with pictures!" Well, wait no longer. Come find out about the program 1,2,3...Math Fonts. You will learn how to create math sheets for reviews, extra practice, quizzes, etc... It's as easy as 1,2,3.

Strand: Technology Literacy Skills - Novice

Subject: Mathematics

Audience: Elementary All

GOOGLE EARTH

SRN: 428178001

08:00 - 10:00

Presenters: Xavier Maldonado and Jennifer

Fehrenbacher

Location: B237

Unlock the power of Google Earth to teach core content curriculum.

Strand: Technology Integration

Subject: Core Academic Subject Areas

Audience: 6 - 8

FREE ON-LINE TOOLS TO MAKE YOUR LIFE EASIER

SRN: 428198001

08:00 - 10:00

Presenter: Pam Dooley

Location: B240

Did a student turn in an assignment using wps and you can't open it? Did you find the perfect video on YouTube but the District blocks it? Do you want to add some zip to your Outreach page? There are on-line tools that are free to use and easy to learn to help you.

Strand: Technology Literacy Skills - Advanced

Subject: Technology Applications

Audience: All

Monday - June 9, 2008

TOOLS FOR QUICK, EASY, AND EFFECTIVE TECHNOLOGY INTEGRATION

SRN: 428158002 **08:00 - 10:00**

Presenters: Juan Benavidez, Robert Galvan and Mike Messer

Location: B238

This session surveys several ways to integrate technology into your daily instruction.

Strand: Technology Integration

Subject: Integration Projects

Audience: K-8

BLOG, BLOG, BLOG!

SRN: 428088001 **08:00 - 10:00**

Presenter: Sharon Martinez

Location: B202

In this session we will explore the benefits of blogging with students, look at examples of class and student blogs, and investigate lessons that integrate blogging. Each participant will set up a class blog and practice blogging!

Strand: Technology Integration

Subject: Language Arts

Audience: Elementary All

ART AND TECHNOLOGY A PERFECT MATCH

SRN: 428018001 **08:00 - 10:00**

Presenters: Vickie Fowler and Jessica Henson

Location: A151

Come and experience how to use KidPix and digital cameras to create exciting art projects.

Strand: Technology Integration

Subject: Integration Projects

Audience: Elementary All

FUN WITH COMIXS!

SRN: 428138002 **08:00 - 10:00**

Presenter: Suzy Holland

Location: B250

Do you want to appeal to your students' learning styles? Create comic strips online! Students can e-mail, print, color, and/or add them to their portfolios! Other writing ideas will be shared.

Strand: Technology Integration

Subject: Integration Projects

Audience: All

CLAY ANIMATION IN A NUTSHELL

SRN: 428258001 **08:00 - 10:00**

Presenters: Michelle Fikac, Mary Hanna and Sharon Glasscock

Location: Library

Come and learn the basics of clay animation and how you and your students can create your own movies using clay, PowerPoint, and a digital camera.

Strand: Technology Integration

Subject: Integration Projects

Audience: Elementary All

OH, WHAT THOSE C P S CLICKERS CAN DO!!

SRN: 428148001 **08:00 - 10:00**

Presenters: Mary Cuellar, Gloria Rodriguez and Doris Franke

Location: B206

The CPS (Classroom Performance System) clickers can enhance instruction and student learning.

CPS is a great tool for Differentiated Instruction.

Use it with PowerPoint Presentations and to import assessment tools. It interfaces with eGrade and does much more. It addresses concerns teachers have right now.

Strand: Technology Integration

Subject: Technology Applications

Audience: All

Monday - June 9, 2008

ACCESS 100: DATABASE BASICS

SRN: 428168001 **08:00 - 10:00**

Presenter: Dottie Castro

Location: B251

Learn the basics of creating a table, a relationship, a form, a query, and a report in a database.

Strand: Technology Literacy Skills - Novice

Subject: Technology Applications

Audience: All

AUTHORING DVDS WITH ADOBE ENCORE

(PART 1)

SRN: 428098001 **10:15 - 12:15**

Presenter: Ethan Calk

Location: B204

Learn how to author and create DVD titles with Adobe Encore. Video files, menus, timelines, and scene selections will be among topics covered. Note: this is Part I of a four-hour session - please sign up for both parts.

Strand: Technology Literacy Skills - Advanced

Subject: Technology Applications

Audience: All

BRING YOUR PHOTOS TO LIFE!

SRN: 428058002 **10:15 - 12:15**

Presenters: Amber Samaniego and Charlotte Kidd

Location: B168

Create slideshows using your digital photos. With a single click, you can touch-up, crop, or rotate pictures. It's that easy! Add stunning special effects, soundtracks, and your own voice narration to your photo stories. Then, personalize them with titles and captions.

Strand: Technology Literacy Skills - Novice

Subject: Technology Applications

Audience: All

POWERPOINT - HYPERLINKS AND PHOTO TOOLS

SRN: 428078002 **10:15 - 12:15**

Presenters: Paul Brusewitz and Jim Baker

Location: B201

We will insert Hyperlinks into words, pictures, and shapes. We will also manipulate and insert pictures into different shaped drawings. Finally, we will create a photo album.

Strand: Technology Literacy Skills - Novice

Subject: Integration Projects

Audience: All

COME LEARN 1,2,3...MATH FONTS

SRN: 428038002 **10:15 - 12:15**

Presenter: Robin Ford

Location: B118

"It's too hard to create math problems, especially the ones with pictures!" Well, wait no longer. Come find out about the program 1,2,3...Math Fonts. You will learn how to create math sheets for reviews, extra practice, quizzes, etc... It's as easy as 1,2,3.

Strand: Technology Literacy Skills - Novice

Subject: Mathematics

Audience: Elementary All

WHO ME? PODCAST?

SRN: 428238001 **10:15 - 12:15**

Presenters: Jennifer Paul and Christina Morrow

Location: B251

Using Audacity, we will give a continuing story for our audience to build on and record. We will then add music and edit recording and then listen to everyone's story. Then we will show how to export and upload to their Outreach Web page and blog site.

Strand: Technology Literacy Skills - Novice

Subject: Technology Applications

Audience: All

Monday - June 9, 2008

GOOGLE EARTH

SRN: 428178002 **10:15 - 12:15**

Presenters: Xavier Maldonado and Jennifer Fehrenbacher

Location: B237

Unlock the power of Google Earth to teach core content curriculum

Strand: Technology Integration

Subject: Core Academic Subject Areas

Audience: 6 - 8

FREE ON-LINE TOOLS TO MAKE YOUR LIFE EASIER

SRN: 428198002 **10:15 - 12:15**

Presenter: Pam Dooley

Location: B240
