## **QUAD 2009-10**

QUAD (Quality Usable Accurate Data) is a training delivery method to assist data entry secretaries in submitting quality data into Region 20 and other systems. The comprehensive developmental workshops for QUAD are held quarterly and focus on Beginning and End-of-Year procedures, as well as PEIMS submissions. For more information browse the QUAD website at:

**[http://intranet.northside.isd.tenet.edu/class/quad\\_workshops.php](http://intranet.northside.isd.tenet.edu/class/quad_workshops.php)**

---

### **QUAD dates for 2009-10 are:**

October 14, 15, & 16
