### **2. Welcome and Introductions**

Dr. John Craft, Superintendent of Schools, welcomed the 25-26 Northside Education Improvement Council (NEIC) members. He emphasized the importance of their role and outlined celebrations and highlights of the District.

### **3. Role of NEIC Members**

Dr. Jordan shared that the key role of the Council is advisory on instructional initiatives and programs, and their feedback is essential in shaping the district's direction.

### **4. 26-27 District Academic Calendar**

The current District Academic calendar was reviewed with explanations of the priorities within it, such as having a start date that aligns with area districts, ending prior to Memorial Day, having teacher planning be full instead of half days, and maintaining a full week off at Thanksgiving break. Members of the Northside Communication Network (NCN) provided feedback on the 26-27 calendar, which included adding a fall break in October and another break in February. The NEIC was asked to review this feedback and weigh in on the pros and cons and provide feedback as to where the spring professional development day should be placed. This input will then be taken to the Student Ambassadors, Cabinet, then the Board of Trustees.

### **5. Future Agenda Items**

Following are the most requested topics: instructional materials adoption, 26-27 District Comprehensive Needs Assessment, Board-Supt Goals, Teacher Incentive Allotment, Instructional Delivery Models, Accountability Update, Innovative Courses, and Progress on the District Improvement Plan.

### **Adjourn**

The meeting adjourned at 7:32.
