
WHAT IS A SCHOOL-PARENT –STUDENT COMPACT?

A School-Parent Compact for Achievement is an agreement which parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards. Anson Jones Middle School teachers, students, and parents developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents suggested ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the Compact and make changes based on student needs.

SCHOOL GOALS

This year, Anson Jones will work on increasing the number of students who meet or exceed state standards in all academic areas, through our *group and intervene* strategies. We will enhance social skills as part of student success, while addressing the whole child. Teachers will challenge and engage students, focusing on their different learning styles and ensuring students grow and progress during the school year and the years to come. Every student is expected to work towards mastering state grade-level performance standards.

Below are goals for each grade level:

6TH GRADE GOALS

1. Successfully transitioning from elementary to middle school
2. Explore extra-curriculars/electives
3. Show growth in district/state assessments
4. Build positive relationships
5. Track progress on common assessments
6. Collaborate with peers on meaningful, real-world projects while demonstrating critical thinking through discussion and writing in a blended learning environment

At Home

Parents and guardians are vital to the success of our students and our school! They have a significant impact on the way students view the learning process, their attendance, and their motivation. To encourage the success of our students, Anson Jones parents commit to:

1. Keeping open communication with teachers and your student regarding academic progress (email, phone, conferences, meetings, etc.)
2. Finding real-world opportunities to support your student's learning (letter writing, brainstorming ideas for home improvement, etc.)
3. Helping students become organized at home and providing an area and time to complete homework.
4. Encouraging students to set learning goals for improvement

STUDENTS

Students join with faculty, staff, and parents in creating goals for themselves for the school year. In order to encourage academic growth, students suggest:

1. Set goals for myself to increase reading time each day.
2. Find real world applications for the current curriculum.
3. Ask for help when needed.
4. Have a positive attitude about learning and setting goals for myself.
5. Be on time and present for school and class each day.

Communication is Key!!
We look forward to an exciting and successful year!
