

Joe Straus III MS
Summer Reading 2026

How will your *Summer Stack* up?

Choose at least one age-appropriate book to enjoy this summer!

As you read (and once you've finished), consider your responses to the following questions.
Please be prepared to share your thoughts with your schoolmates in the fall.

- If you could, what questions would you ask the writer?
- What did you learn, or how has this book impacted your thinking?
- Who else should read this book? Why?

Not sure what to read? Check out these titles:
