

ENHANCING INSTRUCTION WITH ARTIFICIAL INTELLIGENCE

Saturday, September 27th @ 9 am - 12 pm

Northside Activity Center: 7001 Culebra Road

IN THIS SESSION, EDUCATORS WILL LEARN HOW TO:

- **Spark engagement** with lesson hooks, exit tickets, and differentiated practice in minutes.
- **Save time with ready-to-use rubrics** and feedback stems that boost feedback quality.
- Quickly create supports for all learners — **translations, leveled texts, and scaffolds.**
- Spot AI's limits so you can steer clear of bias, pitfalls, and misinformation.
- Use simple guardrails to **keep AI safe and effective** in your classroom.

PARTICIPANTS MUST BRING A CHARGED DEVICE.
