

September 17, 2021 Principal's Message

Dear Luna Community,

October 15 will be the last day of the quarter. Please monitor your child's progress in **HAC** and contact teachers with any concerns you may have. October 11 is a student holiday. Teachers will be in Professional Development on that day. We want all of our students to be successful, so please contact your child's teachers if you have any questions about incomplete assignments.

Teachers' Office Hours are located in each teacher's Schoology account. Please remind your child to attend tutoring if in need of extra support. If you have any questions or concerns, please contact your child's teacher or counselor. They are more than happy to help.

If you are attending a **football game or a volleyball game**, please know that the front parking lot is the only parking lot used for game parking. The gates to both volleyball games and football games are indoors. You will need to enter the door by the competition gym. You will need to show your online ticket when you arrive.

We want to thank all of you that use **Parent Pickup** for your continued vigilance of student safety. Please continue to stand next to your car if you are in the parking lot.

We would love for all of you to join our **PTA**. It's very simple; just go to **JoinPTA.org** and join online. We are planning lots of fun activities for our students and families. There will be more information on these events coming soon. Your dues help support programs such as

anti-bullying campaigns, dances, festivals. All of these are designed to support students with their social and emotional needs.

If your child is accessing **Remote Conferencing** due to being quarantined, please make sure your child knows that attendance is counted as present when the student stays the entire time and has the camera on. Folders with assignments are in each teacher's Schoology account.

This is a reminder that the campus does not accept **food deliveries** for students. You may drop off a meal in the front office. Students are allowed to pick up their meals in the front office. You may also eat lunch with your child. We have a few tables in the Commons for **family meals**. Also, meals that are brought to the campus can only be for your child. Thank you for your help with this.

Counselors' Corner

Hello Longhorn Family,

Your counselors presented lessons to 6th graders this week and will continue working on adjusting schedules to provide additional interventions for students. We will be contacting parents to offer opportunities for your child if needed. We will also be conducting a student needs assessment so that students may have a voice in what guidance topics are important to them for future lessons. In addition, they will have the opportunity to request participation in group counseling. Please reach out to your child's counselor if you would like for them to be considered for a group, academic intervention, or have any other questions or concerns. We are happy to help.

Have a fun, restful, and safe weekend.

Longhorn Pride Never Dies!
