FOREWORD

To Students:

This handbook has been prepared by the Administration of Oliver Wendell Holmes High School in cooperation with the Superintendent and the Board of Trustees of the Northside Independent School District. It is for your guidance in understanding some basic policies around which your school functions. Please read carefully and abide by these rules and regulations.

To Parents:

The home is the greatest influence on the child during the formative years; from these influences the child develops his/her first habits and obtains most of his/her ideals and attitudes. The influence of a good home environment cannot be duplicated within the classroom; therefore, it is imperative that the home and school work cooperatively for the maximum development of your child. Please make every effort to encourage your child to attend school regularly and punctually. Failures are often attributed to irregular attendance, while tardiness tends to develop the wrong habits and attitudes toward life and its responsibilities. The purpose of this handbook is to supply you and your child with information about Holmes High School. Frequent reference to this handbook will acquaint you with the functions of your school. Please feel free to confer with teachers and the administration when you deem it necessary. The cooperation of school patrons, based on the knowledge of the functions of the school, will result in a more efficient and successful school program.

OLIVER WENDELL HOLMES, JR.

Oliver Wendell Holmes, Jr., son of Oliver Wendell Holmes, a noted poet, essayist, and physician, and Amelia Jackson, a daughter of a chief justice of the Massachusetts Judicial Court, was born on March 8, 1841. Educated at Harvard, Holmes was graduated and commissioned a lieutenant in the Twentieth Massachusetts Infantry in June, 1861. He was wounded three times in three famous battles of the Civil War: Ball's Bluff, Antietam, and Fredericksburg, and was discharged with the rank of Lieutenant Colonel. On leaving the army, Holmes entered the Harvard Law School and took his L.L.B. in 1866. In 1870, he became the editor of the American Law Journal. The following year, Harvard appointed him university lecturer on jurisprudence, and in 1882 he was awarded a professorship in the Harvard Law School. For twenty years, Holmes served on the Supreme Judicial Court of Massachusetts, and was chief justice the last three. In 1902, President Theodore Roosevelt appointed Holmes an Associate Justice of the United States Supreme Court. Roosevelt had hoped to put Holmes' rather "liberal" mind to work for his administration. He was proven wrong in this as Holmes demonstrated his independence of mind in many dissenting minority opinions. This led to his title as "The Great Dissenter." Until his retirement in 1932, he continued to demonstrate his originality of thought, his legal scholarship, and his mastery of pungent style.

Philosophy of Oliver Wendell Holmes High School

Education, a lifelong process, is necessary in order for individuals to interact effectively within society. Students should recognize the need for continuing self-evaluation, self-instruction, and adaptation to changing environment. Furthermore, education requires the support of trained professionals who are committed to the process of education. Teachers and administrators

execute strategic roles of integrating students and curriculum to produce effective instruction and learning. We are dedicated to providing educational experience which will...

1. Prepare students for further education and/or equip students with occupational skills prerequisite to entering and advancing in the economic system.
2. Prepare students for the responsibilities and privileges of citizenship which include respect for law and government, acceptance of the dignity and worth of the individual, devotion to honesty and integrity, promotion of the universal brotherhood of mankind, and recognition of the importance of human life.
3. Provide a rich and extensive educational opportunity to enable each individual to reach his/her maximum level of self-realization.
4. Stimulate intellectual curiosity, engender satisfaction in intellectual achievement, and cultivate the ability to think logically.
5. Continue to meet the changing needs of both the school and community.

Accordingly, Oliver Wendell Holmes High School provides a comprehensive educational program which meets the needs of all students in our community.

Mission of Oliver Wendell Holmes High School

Unite as a community to transform learning. All Huskies will believe, achieve, and succeed.

Oliver Wendell Holmes High School commits itself to its mission by...

- promoting high expectations for all staff members and students;
- providing each student the opportunity to make significant gains in educational skills commensurate with his/her abilities regardless of his/her educational level;
- establishing an atmosphere where students develop an appreciation of our national heritage as well as an understanding of their responsibilities and rights as a citizen;
- preparing students to adapt to on-going changes in our technological society; and
- guaranteeing a consistently high quality of education for which the school assumes accountability.

PEOPLE WHO CAN HELP YOU:

Principal

The Principal is responsible to the Superintendent of Schools for proper administration of Oliver Wendell Holmes High School. It is the duty of the Principal to organize, supervise, and administer all of the affairs of the school as they affect students, teachers, and patrons. The Principal will be glad to help you with any of your problems.

Associate Principal

The Associate Principal works directly with the Principal in the administration and organization of the school. He/she is in charge of attendance and discipline problems, assists in the counseling program, and assumes the responsibilities of the Principal in their absence.

Academic Dean

The Academic Dean works directly with the Principal in the administration of the instructional program of the school. The academic dean works closely with the teachers and department coordinators to ensure student success.

Assistant Principals

The Assistant Principals work directly with the Vice Principal in the organization of the school administration. They assist in handling attendance and discipline problems. In the absence of the Principal and Vice Principal the assistants will assume the necessary responsibilities.

Teachers

Your teachers are specialists in the fields in which they teach and are eager to help you get the most out of your classes.

The teachers are charged with the responsibility of carrying out the rules and regulations of the Board of Education and any additional policies set up by the administration. Your teachers are the classroom leaders and are charged with the responsibility of supervising and directing all students in the pursuit of their education. Each teacher is assigned a planning/preparation period as part of his/her teaching assignment. This period is set aside to give the teacher opportunity for carrying out plans for both classroom work and individual guidance with students. Another purpose of this period is to provide a teacher with a scheduled time to confer with parents. To make an appointment to see a teacher, parents are requested to telephone the Principal's secretary and make their request.

Counselors

The counselors assist students with educational, career, and personal concerns through group and individual counseling and classroom guidance sessions. Students are assisted in selecting high school courses which will allow them to achieve their future goals. Assistance is also available in completing scholarship applications, in exploring career, and in learning effective personal and social skills.

Educational records including courses taken, grades earned, results of standardized tests, and selected personal data are maintained for each student in the registrar's office located in the counseling/registrar's office. This information assists counselors as they counsel and advise students regarding their high school programs and future plans.

SCHOOL SERVICES

Guidance and Counseling

The Northside ISD Guidance Program delivers services to students, parents, and staff through four program components that Texas law (TEC 33.005+) now prescribes for guidance services in Texas Schools: Individual Planning, Guidance Curriculum, Responsive Services, and System Support.

The Guidance program is a developmental educational program designed to help students acquire skills for social, personal, and academic success through planned educational experiences and activities.

Conferences with counselors are encouraged for students, their parents, and teachers at any time there is a need for special assistance with the student's educational, career, or personal

concerns. Each student will be scheduled for a conference to review his/her school record and to discuss future educational and career plans. Efforts will be made to contact every student in each class during the year to encourage early educational and career planning.

College Preparation

The entrance requirements of colleges vary. The individual student should check the website or catalogue of the college he/she plans to attend and follow the particular recommendations of that college regarding high school courses to be taken. The career center maintains a library of college catalogues for students' use and computers are available to research college websites.

Career Center

The Career Center is available to assist students in learning more about themselves and the type of career they wish to pursue upon leaving high school. The Career Center offers many different types of occupational information designed to help student research the career fields of interest to them. The Career Center offers the following services to each student upon request:

1. Scholarship Information
2. Summer Programs.

Career Preparation Program

The Career Preparation Program is an important part of the curriculum at Holmes High School. In this program, students who meet the criteria are allowed to take regular academic classes for a part of the school day and to be in a job off campus for the remainder of the day. Those students who fulfill the requirements of the program earn high school credits toward graduation. The Career Preparation Program has proven to be successful and has provided worthwhile work experience for a large number of students.

Work students understand that:

1. They are responsible for providing their transportation from school to work.
2. They must not be on campus any longer than is absolutely necessary after completing their on-campus class work.
3. They should have their school identification with them at all times, so they can verify that they are in the work program.
4. They will not report to their jobs on any day that they cannot be in classes on campus.
5. They must wait for rides at the main entrance to the campus (traffic light box) or at the benches near the entrance in the building. Failure to be in proper areas will subject them to tardy round-up. Only a reasonable wait time will be allowed.
6. Career Preparation Program students that have not left the campus by the tardy time could receive disciplinary consequences and/or additional classes.

Library

Each campus library supports the curriculum and provides a wide variety of materials suitable to the interest and abilities of students in their pursuit of knowledge and love of reading. Information literacy skills for life-long learning are taught, practiced, and applied. Home access to the online card catalog is available at <https://northsideisd.follettdestiny.com>. In order for each school to maintain a high-quality collection, students learn responsibility in caring for library materials. If library materials are lost or damaged the student is expected to pay for them. The Oliver Wendell Holmes library has a varied collection of books and other materials and is maintained so school life can be more meaningful, enjoyable, and valuable to each member of the student body. The library is to be used for research, reference, and reading. The following will serve as guides for the student's use of the library during the school day:

1. The library is open each school day at 8:00 a.m. and closes at 4:30 p.m.
2. Arrangements to use the library during a scheduled class period should be made with the subject teacher who will issue an individual pass. A student coming from class to do library work must present a pass signed by the subject teacher. No more than one person may be sent on one pass.
3. A student should not check out books for another student who does not have an ID card. The student signing for the book is responsible for returning it and paying any fees.
4. Books may be checked out for two weeks. Students may have three books checked out at one time.
5. When a student checks out a book, he/she is responsible for that book until his/her name has been cleared on the computer.
7. Lost or damaged books should be reported to the librarian promptly and arrangements for payment made. If a book which has been lost and paid for is found in good condition, the money will be refunded.
8. Overdue notices will be sent periodically. Students receiving notices are expected to come to the library to settle accounts as soon as possible.
9. Any student who persists in talking or creating a disturbance in any way will be asked to leave the library.
10. The Northside computers in the library are for student use.. Usage is to be for research and educational purposes, as defined in the NISD Acceptable Use Policy. Misuse will result in loss of computer privileges.

ATTENDANCE

Texas State Law

In accordance with Texas Education Code (TEC), a child is required to attend school each school day for the entire period the program of instruction is provided, to include students who are at least six years of age, or who have been previously enrolled in first grade, and who have not yet reached their 18th birthday. (See Section D for more detail)

Arrival at School

Once the students arrive on campus they are not to leave without checking with the attendance office. For permission to leave school refer to Section "D" of this handbook or the Readmission Procedure below.

Leaving School During the Day

Students who become ill during the school day must be excused by the Attendance Office, by way of the nurse/health clinic. A student who has a documented appointment with a health care professional during regular school hours will be considered present all day for every class if the student returns to school on the

same day of the appointment. The parent/ guardian must present a picture ID and sign the student in/ out at the attendance office electronically.

Verification of Absences

When a student is unable to attend school, in order for an absence to be considered excused, the parent is requested to send a note upon return to school. The note should include student name, ID number, date of absence, parent signature, and a day phone number where the parent may be contacted for verification. In order for consideration to be given, the note should be specific regarding the absence. The note should be submitted within three days of the absence. We reserve the right to determine the number of parent notes accepted per student and whether a note will be considered for the absence to be excused or not excused.

Readmission Procedures Following Absences

1. On the day following an **all day absence** the student will report to the attendance office before 8:40 am., during lunch or after school and present a note signed by the parent/guardian stating the reason for and the date of the absence. The note will be kept in a file under the student's name and a student can request a receipt for his or her record. The attendance office will be charged with the duty of updating the student's attendance and each teacher's grade book to show the absence as excused or unexcused.

Examples of excused absences are: personal illness, family funerals (with proper documentation), medical appointments, court appointments with a subpoena, church/religious trips with documentation, and family emergencies with explanation.

Examples of unexcused absences are: truancies, car trouble/flat tire, missing the bus/ride, oversleeping, renewing a driver's license, caring for a sibling, heavy traffic, court appointments for traffic violations, family vacations, and notes without all pertinent information.

2. If a student fails to bring a note within **3 days** of their absence, his/her absence will remain unexcused (**UA**). Parent phone calls are not accepted in place of written documentation. Calling an administrator to inform them of a situation is welcome, but written documentation is still required. Students who are truant are subject to disciplinary actions.
3. A student attending **only part of the school day** due to a medical appointment or family emergency, etc., needs to have a parent/guardian come into the attendance office with a **picture ID** to sign the student in/out for the day. If the student arrived after the school day starts, the parental/ medical etc. note will be replaced with an **admission slip**. If a student must leave before the end of the day, the parental note will be replaced with a dismissal slip. Upon their return to school, they must bring a parental/medical etc. note or the absence will remain unexcused (**UA**). **It is advised that students inform their teachers about any planned absences prior to the absence.**
4. **The Attendance Office will retain all notes and slips related to absences for their records.**
5. Student missing **fifteen minutes or more** of any class is considered absent for the period.

Absences and Grades

Students are encouraged to make up work from all absences, regardless of reason. Tests or work not made up could result in a reduced grade for that assignment or test. Unexcused absences and truancies may be made up, although the grade may be reduced. Truancies may void any opportunity for a waiver from the state attendance policy. If the absence is long term, parents are encouraged to request assignments through the Counseling Office.

Extended Absences

Parents are requested to contact campus administration if a student is expected to be absent for an extended period of time.

Waiver for Excessive Absences

To regain credit due to excessive absences for extenuating circumstances (illness, etc.), students may attend Attendance Recovery and/or submit a request for a waiver of the absences. Waivers are only approved by the campus attendance committee for extenuating circumstances outside of the student's control. Contact the campus administration concerning waivers and their requirements.

State Absence Policy

THE MINIMUM ATTENDANCE FOR CLASS CREDIT LAW (Texas Education Code 25.092) STATES THAT A STUDENT MAY NOT BE GIVEN CREDIT FOR A COURSE **UNLESS THE STUDENT IS IN ATTENDANCE FOR AT LEAST 90% OF THE DAYS THE CLASS IS OFFERED.** EXCEPTIONS PROVIDED IN SCHOOL DISTRICT POLICY. (Please refer to Section "D" for a complete explanation of the law.)

Attendance Recovery

The Campus Attendance Committee has designated Attendance Recovery as a way to make up excessive absences. Attendance Recovery allows for students to recover hours where they have exceeded the allowable amount. This will allow them to gain credit for courses where credit was lost due to absences. Tutoring or other academic activities outside of a student's regular school day may also be used as a way to gain Attendance Recovery hours; however, all forms of recovery must be approved by an administrator prior to their implementation or use.

Withdrawing from School

When it becomes necessary for students to withdraw from school, they should report to the Attendance Office with a parent/ guardian stating the reason and date to be withdrawn. Students will be issued a withdrawal form and be expected to proceed as directed by the attendance office. It is imperative that every student who withdraws from school follow all of the necessary procedures and obtain all of the necessary signatures pertinent to the withdrawal process. Failure to follow these procedures will delay the student's transcript being sent to other schools, jobs, or military service. Withdrawals and enrollments are best handled from 8:00 a.m.-11:00 a.m. However, afternoon appointments can be scheduled through the Registrar's office, 397-7038.

Tardies

(Tardies Are Not Permitted)

Students who arrive late to class will be counted tardy. Students who are excessively tardy (more than 5 minutes) to any class will be issued consequences as deemed necessary by administration for excessive tardiness. Students who feel they have a verifiable reason for a tardy must see an administrator. The halls and the campus will be monitored throughout the school day. All students not in their classroom or without a proper hall pass may be referred by the teacher to the office and disciplinary consequences could apply. Early release students

must wait at the main entrance to the campus (by traffic light box) or at the benches near the "I" building to avoid being issued a tardy. Only a reasonable wait time will be allowed. Early release students should be off campus within the first 15 minutes of the period. Early release students that have not left the campus within the first 15 minutes could receive disciplinary consequences and/or additional classes.

During the school day Personal Electronic Devices (PED's) must be turned off and not visible during instructional time unless your teacher has approved use for instructional purposes. Students who violate this policy will have their electronic device(s) confiscated and secured until a parent/legal guardian picks the item up. Students should follow specific guidelines regarding Personal Electronic Devices in and Section D of the Student-Parent Handbook which includes the Acceptable Use of the Districts' Technology Resources.

Call to report any student being in possession of drugs, alcohol, or dangerous items at school. All tips are anonymous. If information provided results in an arrest, the caller will receive a cash reward.

Graduation

The graduation ceremony is a school function, and being such is part of the school year. The school year for a senior ends with the completion of the graduation ceremony. Therefore, a graduating senior who violates the Student Code of Conduct, and as a result is assigned to an alternative placement for a period of time that extends through the date of graduation, will not be permitted to participate in the graduation ceremony. Graduation is a solemn and dignified ceremony. Students should dress as if they are preparing to interview for an important job. Facial piercings and/or unconventional hair colors will not be tolerated. Students are expected to observe proper etiquette during the entire graduation ceremony. While they are on the stage and receiving diplomas, students must keep their hands at their sides at all times.
