

5TH GRADERS-CHOOSE YOUR FUTURE!

Northside ISD is home to two middle school magnet schools, providing 5th graders more choices than ever! Acceptance is by application only and students will be selected through a lottery process.

Both magnet schools offer:

- Unique and advanced courses
- Smaller class sizes
- Early opportunities to earn high school credit
- Fine Arts, athletics, and clubs/organizations with their larger campuses
- Transportation for eligible students

Focused on growing industries of Global Communications, Cybersecurity, and Information Technology

Opens in fall 2021 with an inaugural class of 160 sixth graders

Coursework aligned for further study at multiple NISD high schools that offer cybersecurity and web development

Emphasis on character development, leadership, and service

Focused on Science, Technology, Engineering, and Math (STEM) with opportunities to explore robotics, computer science, and biotechnology

Students earn automatic acceptance to Jay Science and Engineering Academy

Newly renovated classrooms, engineering and robotics labs, and maker space are under construction and will be completed in spring 2021

Applications are open from Nov. 30, 2020 - Jan. 18, 2021 for both magnet schools and all 5th graders can apply online at: www.nisd.net/schools/magnet
