

# ATTENDANCE REQUIREMENTS VIRTUAL & IN-PERSON

## VIRTUAL

Did your virtual learner **ENGAGE** with the coursework for that **SAME DAY** through any one or more of the following measures?

- **Teacher/Student Interactions**
- **Completion/Submission of Assignment**
- **Demonstration of Progress in Schoology**

Attendance for virtual and in-person will be required **DAILY**.

Elementary will record attendance daily.

Middle and High School will record attendance for each course daily.

As before the COVID-19 health crisis, students must be in attendance at least 90% to receive course credit.

## IN-PERSON

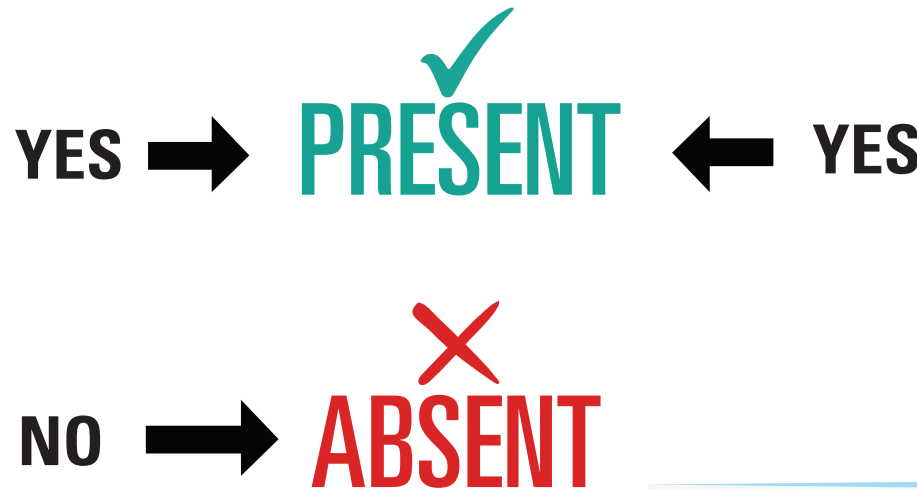

Is the student physically present at the time of attendance?

**NO**

### NEW THIS YEAR

In-Person students who are physically absent may engage as **VIRTUAL LEARNERS** on the same date of absence and be counted **PRESENT**.

Teachers have one week from the date of absence to change **ABSENT** to **PRESENT** based on if the student attends as a virtual learner for that day (meeting one of the three measures listed above). Thank you for your patience in allowing teachers a full week to update attendance.
