With this privilege comes responsibility. It is important that you read the Northside ISD Administrative Regulation for Acceptable Use (TEC-01), District policies, and this agreement form found on <http://nisd.net/acceptable-use-policy>, and then ask any questions if you need help understanding them. Please acknowledge receipt and understanding of these items by completing and returning this Agreement for Acceptable Use of the District’s Technology Resources and Access Request Form.

Please note that Internet access is part of the District’s Technology Resources. The Internet is a network of many types of communication and information networks, which are used frequently in classroom assignments and include access to library materials and purchased online databases. Some material accessible via the Internet may contain content that is illegal, inaccurate, or potentially offensive to employee. It is possible for users of the District’s Technology Resources to access (accidentally or otherwise) these areas of content. While the District uses filtering technology and protection measures to restrict access to such material, it is not possible to absolutely prevent such access.

**CONSEQUENCES FOR INAPPROPRIATE USE**

- Suspension of access to the District’s Technology Resources;
- Revocation of the District’s Technology Resources account(s); and/or
- Other legal action in accordance with applicable laws.

I understand that my computer use while on the District network is not private, and that the District may monitor all activity on the District’s Technology Resources.

I have read this Agreement for Acceptable Use of the District’s Technology Resources and I agree to abide by their provisions. In consideration for the privilege of using the District’s Technology Resources and in consideration for having access to the public networks, I hereby release the District, its operators, and any institutions with which they are affiliated from any and all claims and damages of any nature arising from my use of, or inability to use the system, including, without limitation, the type of damages identified in the District’s policy and administrative regulations.
